

# Suriel Hess - Sing Myself To Sleep

tom:  
 Capotraste na 6ª casa  
 Intro: Am C F

[Primeira Parte]

I don't wanna walk away  
 But I don't wanna see your face

Sometimes I wanna be alone  
 The comfort I feel on my own is all I ever need

[Pré-Refrão]

I know it's hard for you to take  
 I'll make you leave before you stay  
 'Cause one's enough for me  
 You treat me like I'm all there is  
 Tender touch and gentle kiss  
 And still I want to leave

[Refrão]

Wish I could sing myself to sleep  
 Sing myself to sleep

[Segunda Parte]

Maybe I'm the one to blame  
 Maybe I think love's a game

And you're my favourite piece  
 Lately it all moves so fast

On what I really need

[Pré-Refrão]

I know it's hard for you to take  
 I'll make you leave before you stay  
 'Cause one's enough for me  
 You treat me like I'm all there is  
 Tender touch and gentle kiss  
 And still I want to leave

[Refrãp]

Wish I could sing myself to sleep  
 Sing myself to sleep

[Interlude] Am C F

Wish I could sing myself to sleep  
 So I could love you blissfully

Sing myself to sleep

[Final]

I know it's hard for you to take  
 I'll make you leave before you stay  
 'Cause one's enough for me
