

# Switchfoot - Twenty four

Tom: G

Twenty four oceans, Twenty four skies  
 Twenty four failures, Twenty four tries  
 Twenty four finds me in twenty-fourth place  
 Twenty four drop outs at the end of the day  
 Life is not what I thought it was twenty four hours ago  
 Still I'm singing Spirit take me up in arms with You  
 And I'm not who I thought I was twenty four hours ago  
 Still I'm singing Spirit take me up in arms with You  
  
 Twenty four reasons to admit that I'm wrong  
 With all my excuses still twenty four strong  
 See I'm not copping out not copping out, not copping out,  
 When You're raising the dead in me  
 Oh, oh I am the second man  
 Oh, oh I am the second man now  
 Oh, I am the second man now  
 And You're raising these twenty four voices  
 With twenty four hearts  
 With all of my symphonies  
 In twenty four parts

But I want to be one today  
 Centered and true  
 I'm singing Spirit take me up in arms with You  
 You're raising the dead in me  
 Oh, oh I am the second man  
 Oh, oh I am the second man now  
 Oh, I am the second man now  
 And You're raising the dead in the end ladada  
  
 I want to see miracles, see the world change  
 Wrestled the angel, for more than a name  
 For more than a feeling, For more than a cause  
 I'm singing Spirit take me up in arms with You  
 And You're raising the dead in these  
  
 Twenty four oceans with twenty four hearts  
 With all of my symphonies in twenty four parts  
 Life is not what I thought it was twenty four hours ago  
 Still I'm singing Spirit take me up in arms  
 And I'm not copping out, Not copping out, Not copping out
