

Syd Barrett - Late Night

Tom: G

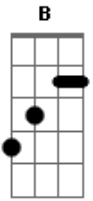

When I woke up today
 And you weren't there to play
 Then I wanted to be with you
 When you showed me your eyes
 Whispered love the skies
 Then I wanted to stay with you
 Inside me I feel
 Alone and unreal
 And the way you kiss
 Will always be a very special thing to me
 When I lay still at night
 Seeing stars high and light

Then I wanted to be with you
 When the rooftops shone dark
 All alone saw a spark
 Spark of love just to stay with you
 Inside me I feel...
 If I mention your name
 Turn around on a chain
 Then the sky opens up for you
 When we grew very tall
 When I saw you so small
 Then I wanted to stay with you
 Inside me I feel...
