Letra:

Making two possibilities a reality,
Predicting the future of things we all know,
Fighting off the diseased programming
Of centuries, centuries, centuries, centuries.

Science fails to recognize the single most
Potent element of human existence
letting the reigns go to the unfolding
Is faith, faith, faith, faith.

Science has failed our world
Science has failed our Mother Earth.

Science fails to recognize the single most
Potent element of human existence
letting the reigns go to the unfolding
Is faith, faith, faith, faith.
Science has failed our world
Science has failed our Mother Earth.

letting the reigns go to the unfolding
Is faith, faith, faith, faith
letting the reigns go to the unfolding
Is faith, faith, faith, faith.

Science has failed our world
Science has failed our Mother Earth.

Science has failed our Mother Earth.
