

Tabatha! - I'm Sorry

tom:

Intro: Bb Eb Bb Eb F

[Primeira Parte]

Tell me, if you care
 Take me anywhere you wanna go
 Tell me you're impressed
 By all that we can do together oh
 Take me by the hand
 Take me in your arms, don't let me go
 Tell me you're a friend
 And tell me all the things you thought that I should know
 Can't you see
 We're running out of time
 Will you please just tell me that you're mine
 I've told you many times before
 We can't go on like this no more
 (Bb Eb Bb Eb F)

But know that you'll be loved
 And know I'll give you strength to carry on
 Remember life is short
 And soon will be the time our time is up
 I can set you free
 And you won't have to change a single thing
 Have some faith in me (have some faith in me)
 Why can't we just be unafraid of living happily
 I need more time to figure your mind out
 'Cause my heart's been thrown onto the ground
 We need time to figure ourselves out
 And learn to love and value what we found
 Is there a way to escape this love
 I'm lacking strength to pull us up
 And I need to think about myself
 I'm sorry for thinking I could help
