

Tabatha! - Idcws

Intro: Gb B Gb B

[Primeira Parte]

I thought of us while I was walking down the street

And I remembered the way it felt

When your hand was holding mine

Head stuck in a cycle and can't pretend to know

When you'll be around me to help me

When I'm lost and can't be found

I told you once and I'll tell you twice

I've never felt this way before

Like for the first time in my life I don't feel so unsure

I want to see what your love can do to me

We could find a way, so why don't we?

[Refrão]

'Cause I don't care who sees

I don't care who sees

'Cause when I'm with you I am better

I'll never leave you and I'll never let you down

'Cause when you are around

I feel free

[Segunda Parte]

It takes all I got for me to open up my heart

And I surrendered and gave you all

That I once thought was mine

I can't just walk away I'm in a vulnerable position

My heart is on display and still I can't make you mine

It may be better if I take my time tonight to think

This whole thing through and maybe get an answer as to why

You had me wrapped around your finger in no time

But honestly I can't control my mind

[Refrão]

I don't care who sees

I don't care who sees

'Cause when I'm with you I am better

I'll never leave you and I'll never let you down

'Cause when you are around

I don't care who sees (I'm lost and can't be found)

I don't care who sees (I'll never let you down)

I don't care who sees (I'm lost and can't be found)

I don't care who sees (I'll never let you down)

'Cause when I'm with you I am better

I'll never leave you and I'll never let you down

'Cause when you are around

I feel free
