

# Tagore - 2012

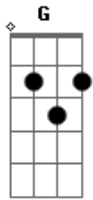

Tom: G  
Intro: G C G C

Quando for doze do doze  
Do tal dois mil e doze  
Vou ligar pro fim do mundo  
E dizer; deixa de pose!  
Porque quando a luz se apaga  
E o fogo envolve o vento  
O mundo inteiro se arrasta

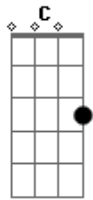

Pra beira do fim do tempo

E a rua inteira  
E o mapa virou pó  
E a mãe carbonizada  
Em um lençol  
E os pássaros também  
Voaram em vão  
E o cogumelo ardeu  
Meu coração
