

Tai Verdes - Last Day On Earth

tom:

Intro: F C F Bb
 If it was my last day on Earth, if it was my last day
 If it was my last day on Earth, if it was my last day
 If I close my eyes and the sun don't rise, will I be okay?
 If it was my last day on Earth, if it was my last day

[Primeira Parte]

If it was my last day on Earth, I wouldn't be in church
 I'm sorry, God, but it's my last day in this universe
 I need to see birds and buzzin' bees, green grass, evergreen trees

Not seein' people who have been mean to me
 And why would I waste my time?

All my favorite people need teary-eyed goodbyes
 Talk, laugh, hug and give a bunch of hard high fives

I did my best, man, I gave this thing a good try

[Refrão]

If it was my last day on Earth, if it was my last day
 If it was my last day on Earth, if it was my last day
 If I close my eyes and the sun don't rise, will I be okay?
 If it was my last day on Earth, if it was my last day

If it was my last day on Earth, if it was my last day

[Segunda Parte]

You tellin' me I got 24 of these 60-minute things left?

Damn, I ain't get to b? a billionaire yet

Fly around first-class, private-j?t flex

Use a black Amex, get up out the duplexes

Buy a Lexus, take a road trip to a spaceship, uh

And I'ma get on

Blast up in the sky and I'ma get gone

Gave up too much just to see one more dawn

[Refrão]

If it was my last day on Earth, if it was my last day

If it was my last day on Earth, if it was my last day

If I close my eyes and the sun don't rise, will I be okay?

If it was my last day on Earth, if it was my last day
