

Take That - The Flood

Tom: C

^C
 Standing, on the edge of forever
^{Am}
 At the start of whatever
^{Em}
 Shouting love at the world
^C ^F
 Back then, we were like cavemen
^{Am}
 But we met the moon and the stars
^{Em}
 Then we forgave them

^{Dm} ^F
 We will meet you where the lights are
^{Am} ^{Em}
 The defenders, of the faith we are
^{Dm}
 Where the thunder turns around
^F ^{Am}
 They'll run so hard we'll tear the ground away

^{Dm} ^A
 You know no one dies
^{Dm} ^A
 In these love drowned eyes
^{Dm} ^A
 Through our love drowned eyes
^E ^E
 We'll watch you sleep tonight

^F ^C
 Although no one understood
^{Am}
 We were holding back the flood
^{Em}
 Learning how to dance the rain
^F ^C
 We were holding back the flood
^G
 They said we'd never dance again

^C ^F
 Bleeding, but none of us leaving
^{Am}
 Watch your mouth son
^{Em}
 Or you'll find yourself floating home

^{Dm} ^F
 Here we come now on a dark star
^{Am} ^{Em}
 Seeing demons, not what we are
^{Dm}
 Tiny minds and eager hands
^F ^{Am}

Will try to strike but now will end today

^{Dm} ^A
 There's progress now
^{Dm} ^A
 Where there once was none
^{Dm} ^A
 Where there once was none
^E ^E
 Then everything came along

^F ^C
 Although no one understood
^{Am}
 We were holding back the flood
^{Em}
 Learning how to dance the rain
^F ^C
 There was more of them than us
^G
 Now they'll never dance again
^F ^C
 Although no one understood
^{Am}
 There was more of them than us
^{Em}
 Learning how to dance the rain
^F ^C
 We were holding back the flood
^G
 They said we'd never dance again

^{Dm} ^F
 We will meet you where the lights are,
^{Am} ^{Em}
 The defenders, of the faith we are
^{Dm}
 Where the thunder turns around
^F ^{Am}
 They'll run so hard we'll tear the ground away
