Oh I can see the future  
Coming to you  
Crying with the sadness in your eyes  
And I can find a faith in days  
I've wasted  
Been around enough to feel alive  
And when the world is broken  
Hard and colder  
No one ever knows the reason why  
For the ones we may become  
For the battles we have won  
For the day we reach the sun  
Gonna play it loud tonight
