

Talking Friends - That's Falling In Love

Tom: D

Wait, wait, I feel my heart change
 Whenever you come around
 The Earth shakes, it's more than I can take
 I think my feet just left the ground

 I know it feels like flying, I can't stop smilin'
 You're the one I've been dreaming of
 It's like happily ever after, nothing else matters
 I guess that's falling in love

 That's falling, that's falling
 I guess that's falling in love
 That's falling, that's falling
 I guess that's falling in love

 You, you, you're all I think about
 Every minute of every day
 It's true blue the way I feel for you
 Your sweet love takes me away

 I know it feels like flying, I can't stop smilin'
 You're the one I've been dreaming of

It's like happily ever after, nothing else matters
 I guess that's falling in love

 That's falling, that's falling
 I guess that's falling in love
 That's falling, that's falling
 I guess that's falling in love

 I'm getting dizzy now, just like I'm spinning round
 Could it be love?
 I can't explain it, can't contain it, I don't want to at all

 I'm ready to fall

 I know it feels like flying, I can't stop smilin'
 You're the one I've been dreaming of
 It's like happily ever after, nothing else matters
 I guess that's falling in love

 That's falling, that's falling
 I guess that's falling in love
 That's falling, that's falling
 I guess that's falling in love
