

Talking Heads - Building On Fire

Tom: G

when my love stands next to your love,
 I can't compare love when it's not love.
 It's not love; It's not love
 Which is my face, which is a building,
 (the chords start here)
 which is on fire

on fire.

so the whole song is just D for one measure and G for the next. It changes at the instrumental with the horns before "I got two loves"

Which is on fire

then it instantly goes back to D and G until the final chord which is a D. it sounds cool if, after the instrumental you strum the D chord with long strums while you strum the G chord with four staccato quarter note hits.
