

Tally Hall - Just Apathy

tom:

G

I'm too much or not enough
C Maybe everyone else is messed up
G Well anyway I cant seem to stay
Am In just one state of mind
G Waiting 'round for something better
C I'm the one that wouldn't let her
Am Now I'm back and forth
C I get bored when she's no perfect find

G 'Cause it's one thing or another
C I don't even know why I bother
G One thing just tears her down
G 'Cause its one thing or another
C I don't even know why I bother
G Something I just can't get around
G Consider the possibility
D That you've been had but not by me
G We're just kids
C Don't worry about this
G My course is run and I'm so tired
Em Still the next one comes inspired
Am I feel bad and I should

Am G
I made her sad and I knew it would

G D
'Cause it's one thing or another
C D
I don't even know why I bother
G D C D G

I need to learn
Am C
To wait in turn
D G
'Cause now I just step blindly

And I'm only happy when I can close my eyes
And I just dive in and forget about acting kindly

'Cause it's one thing or another
(cus it's always one thing or another)
