 But if I don't hear something, pretty soon from now, ill

 Sun's comin up now, I guess it's over.

The guitar noise that follows, uses mainly these chords:

B Gbm  
 And  
 Cm Bbm G7M

Since the piano part is played in 3/4 tempo, the bottom note of the chord is often played as the bass.

Look at the intro part - and listen to the song - to get the rhythm right.
