

# Tanerelle - Nothing Without You

tom:

Intro: F7M G Am

[Primeira Parte]

I've been chasing the moon and the stars  
 'Cause I've been trying to be where you are  
 Could it be that I'm searching too hard?  
 I wish you'd come and find me  
 Won't you come and find me?

[Pré-Refrão]

'Cause I'm down when you're far away  
 When you're gone I don't sleep for days  
 I've been stuck in the darkest age  
 Can't you see what I'm tryna say?

[Refrão]

I'm nothing without you  
 I'm nothing without you  
 I'm nothing without you  
 I'm nothing without you  
 You're my missing piece  
 I don't wanna live without ya  
 You're my missing piece  
 I don't feel at home without ya  
 'Cause I'm nothing without you

[Segunda Parte]

I've been running away from the sun  
 A girl obsessed when it's all said and done  
 'Cause they can't tell me that you're not the one  
 So baby, come and find me
