

# Taneréle - Won't

tom:

[Parte 1]

I tell him go fast  
 I've gotta thing for speed  
 He tells me lean back  
 I let him take the lead  
 I know it won't last  
 But he is all I need  
 I write my name over his tongue  
 So It is all he speaks

I got a million fucking reasons I should leave him  
 But I don't  
 I got a million fucking reasons to stop dreaming  
 But I won't

[Refrão]

So if you're looking  
 You will find me  
 Standing next to him  
 Kissing underneath the palm trees  
 Feigning for his sin  
 I don't care if it's not righteous  
 I don't give a damn  
 There's no other lovin' like this  
 God I love my man  
 Through space and through time  
 Forever he's mine

[Parte 2]

I tell him love me  
 'Till I can take no more  
 He wants me happy  
 He never tells me no  
 I'll never know peace  
 But I just can't let go  
 I write my name over his brain  
 So it is all he knows

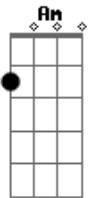

[Ponte]

I got a million fucking reasons I should leave him  
 But I don't  
 And you could give a million more to make me see it  
 But I won't

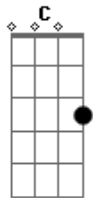

[Refrão]

So if you're looking  
 You will find me  
 Standing next to him  
 Kissing underneath the palm trees  
 Feigning for his sin  
 I don't care if it's not righteous  
 I don't give a damn  
 There's no other lovin' like this  
 God I love my man  
 Through space and through time  
 Forever he's mine
