

# tate mcrae - Ex Best Friend

tom:  
 Yeah, I wonder if  
 My name has ever crossed your mind  
 Even for a second  
 Know it's been a second  
 Since we last talked  
 Or faced each other eye to eye  
 Know it's been hectic  
 Yeah I shoulda said this  
 It kinda hurts 'cause it's insane  
 Yeah we walk by and it's like  
 I don't even know you  
 Like I've never met you  
 I see our pictures on my phone  
 And question why we didn't try  
 But we were just habits  
 Thought we'd always have it  
 So to my ex best friend  
 I thought I'd know till the end  
 Sorry I know things aren't going  
 As we planned  
 To my once ride or die  
 The one who always knew me right  
 We would swear it'd always end up  
 You and I

We really messed up this time  
 ( Am F )  
 We really messed up this time  
 ( C G )  
 What about all the nights  
 Where we'd talked about our lives  
 We were just wishing  
 Wish I woulda listened  
 It kinda hurts 'cause it's insane  
 Yeah we walk by and it's like  
 I don't even know you  
 Like I've never met you  
 I see our pictures on my phone  
 And question why we didn't try  
 But we were just habits  
 Thought we'd always have it  
 So to my ex best friend  
 I thought I know till the end  
 Sorry I know things aren't going  
 As we planned  
 To my once ride or die  
 The one who always knew me right  
 We would swear it'd always end up  
 You and I  
 We really messed up this time
