

# t.A.T.u - All the things she said

Tom: A

**D**  
All the things she said, all the things she said  
**Gbm**  
Running through my head, running through my head, running  
through my head  
**D**  
All the things she said, all the things she said  
**Gbm**  
Running through my head, running through my head, running  
through my head  
**D Dbm Gbm A**  
This is not enough  
  
( **D Dbm Gbm A** )

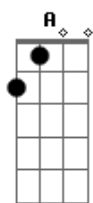

**Gbm**  
I?m in serious shit, I feel totally lost  
**E**  
If I?m asking for help it?s only because  
**A**  
Being with you has opened my eyes  
**Dbm**  
Could I ever believe such a perfect surprise?  
**Gbm**  
I keep asking myself, wondering how  
**E**  
I keep closing my eyes but I can?t block you out  
**A**  
Want to fly to a place where it?s just you and me  
**Dbm**  
Nobody else so we can be free.

**D**  
All the things she said, all the things she said  
**Gbm**  
Running through my head, running through my head, running  
through my head  
**D**  
All the things she said, all the things she said  
**Gbm**  
Running through my head, running through my head, running  
through my head  
**D Dbm Gbm A**  
This is not enough  
**D Dbm Gbm A**  
This is not enough  
  
( **Gbm E A Dbm** )  
( **Gbm E A Dbm** )

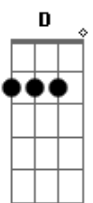

**D**  
And I'm all mixed up, feeling cornered and rushed  
**Gbm**  
They say it's my fault but I want her so much  
**D**  
Wanna fly her away where the sun and rain  
**Gbm**  
Come in over my face, wash away all the shame  
**D**  
**Dbm**

When they stop and stare - don't worry me  
**Gbm**  
'Cause I'm feeling for her what she's feeling for me  
**E**  
**D**  
I can try to pretend, I can try to forget  
**Dbm**  
**Gbm**  
But it's driving me mad, going out of my head  
**E**  
**D**  
All the things she said, all the things she said  
**Dbm**  
Running through my head, running through my head, running  
through my head  
**Gbm**  
**A**  
**D**  
All the things she said, all the things she said  
**Gbm**  
Running through my head, running through my head, running  
through my head  
**D**  
All the things she said, all the things she said  
**Dbm**  
This is not enough  
**Gbm**  
This is not enough  
**A**  
**D**  
All the things she said, all the things she said  
**Dbm**  
**Gbm**  
All the things she said, all the things she said  
**A**  
**D**  
All the things she said, all the things she said  
**Dbm**  
**Gbm**  
All the things she said, all the things she said  
**A**  
**D**  
All the things she said, all the things she said  
**Dbm**  
Mother looking at me  
**Gbm**  
**A**  
Tell me what do you see?  
**D**  
**Dbm**  
**Gbm**  
**A**  
Yes, I've lost my mind  
  
**D**  
Daddy looking at me  
**Dbm**  
**Gbm**  
**A**  
Will I ever be free?  
**D**  
**Dbm**  
**Gbm**  
**A**  
Have I crossed the line?  
  
**D**  
All the things she said, all the things she said  
**Dbm**  
**Gbm**  
Running through my head, running through my head, running  
through my head  
**A**  
**D**  
All the things she said, all the things she said  
**Dbm**  
**Gbm**  
Running through my head, running through my head, running  
through my head  
**A**  
**D**  
This is not enough  
**Dbm**  
**Gbm**  
**A**  
This is not enough  
**D**  
All the things she said, all the things she said  
**Dbm**  
**Gbm**  
All the things she said, all the things she said  
**A**
