

Taylor John Williams - The Mates Of Soul

tom:
Honey, honey
Do you see 'em running?
Even though it seems like nobody's moving at all
Stay together
No matter what the weather
Even if the wind's are changing everything that you are
Said I never believed in the mates of soul
So I never once claimed that I know
That you're the only, only one for me
Honey, honey
Do you see 'em gunning?
Aim it at a heart in case it makes a getaway
They say to stay together
And promise to forever

Even if forever never really wanted to stay, Ooh
I said I never believed in the mates of soul
And so I never once claimed that I know
That you're the only, only one for me
And I know deep down that you feel it too
There's an army out there that'd die for you
So come on, can we just let this be? Hey, oh
I said I never believed in the mates of soul
And so I never once claimed that I know
That you're the only, only one for me
And I know deep down that you feel it too
There's an army out there that'd die for you
So come on, can we just let it be? Ooh
Come on, can we just let this be?
