

Taylor Swift - All Night Dinner

Tom: G

I wake up, stretch out
 I wonder what you're doing right now
 Yeah I slept in my makeup again
 Tell myself I must be crazy thinking about him
 I find myself something decent to wear
 Take the towel out of my hair
 About that time you call me
 I'm reminded without you I'd be

A stranger in an all night diner
 Waiting for her love to find her
 Lonely like a harbor line
 That's never seen a boat
 Like a line in an old love letter
 No one ever wrote

I go to work, work all day
 I want a tape recorder for everything you say
 Walk to the car, dig out my keys
 Start thinking if you were with anyone but me

I'd be a stranger in an all night diner

Waiting for her love to find her
 Lonely like a harbor line
 That's never seen a boat
 Like a line in an old love letter
 No one ever wrote

I wake up, stretch out
 I wonder what you're doing right now ?
