

Taylor Swift - Better Than Revenge

```
Intro: 2x: Bm G D A
                                                               on the mattress, Whoa
                                                               Soon she's gonna find
The story starts when it was hot and it was Summer
                                                               Stealing other people's toys on the playground
And, I had it all; I had him right there where I wanted him
                                                               Won't make you many friends
She came along, got him alone, and let's hear the applause
                                                               She should keep in mind,
She took him faster than you can say sabotage
                                                               She should keep in mind
I never saw it coming, wouldn't have suspected it
                                                               There is nothing I do better than revenge, Ha ha
I underestimated just who I was dealing with
She had to know the pain was beating on me like a drum
She underestimated just who she was stealing from
                                                               I'm just another thing for you to roll your eyes at honey
                                                               You might have him, but haven't you heard
She's not a saint and she's not what you think
                                                               I'm just another thing for you to roll your eyes at honey
She's an actress, Whoa
                                                               You might have him, but I always get the last word
She's better known for the things that she does
                                                               (Am F C G)
on the mattress, Whoa
Soon she's gonna find
                                                               She's not a saint and she's not what you think
Stealing other people's toys on the playground
                                                               She's an actress, Whoa
Won't make you many friends
                                                               She's better known for the things that she does
She should keep in mind,
                                                               on the mattress, Whoa
She should keep in mind
                                                               Soon she's gonna find
There is nothing I do better than revenge, Ha
                                                               Stealing other people's toys on the playground
                                                               Won't make you many friends
(Bm G D A)
                                                               She should keep in mind,
She lives her life like it's a party and she's on the list
                                                               She should keep in mind
She looks at me like I'm a trend and she's so over it
                                                               There is nothing I do better than revenge
I think her ever present frown is a little troubling
And, she thinks I'm psycho cause I like to rhyme her name with
                                                               And do you still feel like you know what you're doing,
                                                               Cause I don't think you do, Oh
Sophistication isn't what you wear, or who you know
                                                               Do you still feel like you know what you're doing
or pushing people down to get you where you wanna go
                                                               I don't think you do, I don't think you do
Oh they didn't teach you that in prep school, so it's up to me
                                                               Let's hear the applause
But no amount of vintage dresses gives you dignity
                                                               C'mon show me how much better you are
She's not a saint and she's not what you think
                                                               See you deserve some applause
                                                               Cause you're so much better
She's an actress, Whoa
She's better known for the things that she does
                                                               She took him faster than you can say sabotage
