

Taylor Swift - Cassandra

tom: Eb Fm Eb

Bb
I was in my new house placing daydreams

Fm Eb Bb
Patching up the crack along the wall

Fm Eb Bb
I pass it and lose track of what I'm saying

Fm Eb Bb
'Cause that's where I was when I got the call

Fm Eb Bb
When the first stone's thrown, there's screaming

Fm Eb Bb
In the streets, there's a raging riot

Fm Eb Bb
When it's: Burn the bitch!, they're shrieking

Fm Eb Bb
When the truth comes out, it's quiet

Gm Bb F
So they killed Cassandra first

'Cause she feared the worst

Gm Bb F
And tried to tell the town

Gm Bb F
So they filled my cell with snakes

I regret to say

Gm Bb F
Do you believe me now?

Fm Eb Bb
I was in my tower weaving nightmares

Fm Eb Bb
Twisting all my smiles into snarls

Fm Eb Bb
They say what doesn't kill you makes you aware

Fm Eb Bb
What happens if it becomes who you are?

Gm Bb F
So they killed Cassandra first

'Cause she feared the worst

Gm Bb F
And tried to tell the town

Gm Bb F
So they set my life in flames

I regret to say

Gm Bb F
Do you believe me now?

Eb Gm F
They knew, they knew, they knew the whole time

That I was onto something

Eb Gm F
The family, the pure greed, the Christian chorus line

They all said nothing

Eb Gm
Blood's thick, but nothing like a payroll

F
Bet they never spared a prayer for my soul

Eb Gm F
You can mark my words that I said it first

Fm Em Bb
In a morning warning, no one heard

Fm Em Bb
I patched up the crack along the wall

Fm Em Bb
'Cause that's where I was when I lost it all
