Intro: C C
You said it in a simple way
4Am the second day
How strange that I don't know you at all
We stumble through the long goodbye
One last kiss then catch your flight
Right when I was just about to fall
I told myself don't get attached
But in my mind I play it back
Spinning faster than the plane that took you
This is when the feeling sinks in
I don't wanna miss you like this
Come back, be here, come back, be here
I guess you're in New York today
I don't wanna need you this way
Come back, be here, come back, be here
The delicate beginning rush
The feeling you can know so much
Without knowing anything at all
And now that I can put this down
If I had known what I know now
I never would have played so nonchalant
Taxi cabs and busy streets
They never bring you back to me
I can't help but wish you took me with you
This is when the feeling sinks in
I don't wanna miss you like this
Come back, be here, come back, be here
I guess you're in New York today
And I don't wanna need you this way
Come back, be here, come back, be here
Aaaahhh Aaaahhh
This is falling in love in the cruelest way
This is falling for you when you are worlds away
```

```
And I can still see it all in my mind
All of you, all of me intertwined
I once believed love would be
Black and white
But it's golden
And I can still see it all in my head
Back and forth from New York
Sneaking in your bed
I once believed love would be burning red
But it's golden
Like daylight, like daylight
Like daylight, daylight
I don't wanna look at anything else now that I
Saw you
I don't wanna think of anything else now that I
Thought of you
I've been sleeping so long in a 20-year
Dark night
And now I see daylight
I only see daylight
This is when the feeling sinks in
I don't wanna miss you like this
Come back, be here, come back, be here
I guess you're in New York today
And I don't wanna need you this way
Come back, be here, come back, be here
Ahh ohh, like daylight
Like daylight, daylight, daylight
Like daylight, daylight, daylight
Like daylight, daylight, daylight
My love was as cruel as the cities I lived in
Everyone looked worse in the light
There are so many lines that I've crossed unforgiven
I'll tell you the truth, but never goodbye
You gotta step into the daylight
And let it go
