

Taylor Swift - False God

Tom: D
Intro: Em7
We were crazy to think, crazy to think that this could work
Remember how I said I'd die for you?
We were stupid to jump in the ocean separating us
Remember how I'd lie to you?
And I can't talk to you when you're like this
Staring out the window like I'm not your favorite town
I'm New York City, I still do it for you, babe
They all warned us about times like this
They say the road gets hard and you get lost
When you're led by blind faith, blind faith
But we might just get away with it
Religion's in your lips
Even if it's a false god (We'd still worship)
We might just get away with it
The altar is my hips
Even if it's a false god
We'd still worship this love
We'd still worship this love
We'd still worship this love
We'd still worship this love
I know heaven's a thing, I go there when you touch me, honey
Hell is when I fight with you

But we can patch it up good
Make confessions and we're begging for forgiveness
Got the wine for you
And you can't talk to me when I'm like this
Daring you to leave me just so I can try and scare you
You're the West Village, You still do it for me, babe
They all warned us about times like this
They say the road gets hard and you get lost
When you're led by blind faith, blind faith
But we might just get away with it
Religion's in your lips
Even if it's a false god (We'd still worship)
We might just get away with it
The altar is my hips
Even if it's a false god
We'd still worship this love
We'd still worship this love
We'd still worship this love
We'd still worship this love
Still worship this love
Even if it's a false god
Even if it's a false god
Still worship this love
