

# Taylor Swift - Forever And Always

tom:  
 Capostraste na 3ª casa <sup>Bb (forma dos acordes no tom de G )</sup>  
 Once upon a time <sup>C</sup>  
 I believe it was a Tuesday <sup>G D</sup>  
 When I caught your eye <sup>C</sup>  
 We caught onto something <sup>G D</sup>  
 I hold onto the night <sup>C</sup>  
 You looked me in the eye <sup>G D</sup>  
 And told me you loved me <sup>C D</sup>  
 Were you just kidding? <sup>C</sup>  
 'Cause it seems to me <sup>C</sup>  
 This thing is breaking down <sup>G D</sup>  
 We almost never speak <sup>C</sup>  
 I don't feel welcome anymore <sup>G D</sup>  
 Baby what happened <sup>C</sup>  
 Please tell me cause one second it was perfect <sup>G</sup>  
 Now you're halfway out the door <sup>D</sup>  
 And I stare at the phone <sup>C</sup>  
 He still hasn't called <sup>G</sup>  
 And then you feel so low you can't feel <sup>D Em7</sup>  
 Nothing at all <sup>C</sup>  
 And you flashback to when he said <sup>G</sup>  
 "Forever and always" <sup>D</sup>  
 Oh, and it rains in your bedroom <sup>C</sup>  
 Everything is wrong <sup>G</sup>  
 It rains when you're here and it rains <sup>D Em7</sup>  
 When you're gone <sup>C</sup>  
 'Cause I was there when you said <sup>G</sup>  
 "Forever and always" <sup>D</sup>  
 When my silence came <sup>C</sup>  
 We were shaking, blind, and hazy <sup>G</sup>  
 How the hell did we lose sight of us again? <sup>Em7 D</sup>  
 Sobbing with your head in your hands <sup>C G</sup>  
 Ain't that the way shit always ends? <sup>Em7 D</sup>  
 You were standing hollow-eyed in the hallway <sup>C G</sup>

<sup>Em7 D</sup>  
 Carnations you had thought were roses <sup>C</sup>  
 That's us <sup>G</sup>  
 I feel you, no matter what <sup>D</sup>  
 The rubies that I gave up <sup>C G</sup>  
 And I lost you <sup>Em7 D</sup>  
 The one I was dancing with <sup>C G</sup>  
 In New York, no shoes <sup>Em7 D</sup>  
 Looked up at the sky, and it was <sup>C</sup>  
 The burgundy on my T-shirt <sup>G</sup>  
 When you splashed your wine onto me <sup>Em7</sup>  
 And how the blood rushed into my cheeks <sup>D</sup>  
 So scarlet, it was <sup>C</sup>  
 The mark you saw on my collarbon? <sup>G</sup>  
 The rust that grew between t?lephones <sup>Em7</sup>  
 The lips I used to call "home" <sup>D</sup>  
 So scarlet, it was maroon <sup>( C G Em7 D )</sup>  
 And I wake, with your memory over me <sup>C G</sup>  
 That's a real fucking legacy, legacy <sup>Em7 D</sup>  
 And I wake with your memory over me <sup>C G</sup>  
 That's a real fucking legacy to leave <sup>Em7 D</sup>  
 Oh back up, baby back up <sup>Em7 C</sup>  
 Did you forget everything? <sup>D</sup>  
 Back up, baby back up <sup>Em7 C</sup>  
 Did you forget everything? <sup>D C</sup>  
 The burgundy on my T-shirt <sup>C</sup>  
 When you splashed your wine onto me <sup>G</sup>  
 And how the blood rushed into my cheeks <sup>Em7</sup>  
 So scarlet, it was <sup>D</sup>  
 The mark you saw on my collarbon? <sup>C</sup>  
 The rust that grew between t?lephones <sup>G</sup>  
 The lips I used to call "home" <sup>Em7</sup>  
 So scarlet, it was maroon <sup>D C G Em7 D</sup>  
 And it was maroon <sup>C G Em7 D</sup>  
 And it was maroon <sup>C</sup>
