```
                B                E                          Dbm
  I was supposed to be sent away
    Ebm                    Abm
But they forgot to come and get me
E                      Dbm
  I was a functioning alcoholic till nobody
Ebm               Abm
Noticed my new aesthetic

E                Dbm                  Ebm
  All of this to say: I hope you're okay
                 Abm
But you're the reason
E                      Dbm
  And no one here's to blame
    Ebm                    Abm
But what about your quiet treason?

          E                          Dbm
And for a fortnight, there we were

Forever running to you
Gb                  Abm
Sometimes ask about the weather
                    E                        Dbm
Now, you're in my backyard, turned into good neighbours
                  Gb                Abm
Your wife waters flowers, I wanna kill her

E                      Cm
  All my mornings are mondays
            Ebm          Abm
Stuck in an endless February
E                      Dbm
  I took the miracle move-on drug
      Ebm              Abm
The effects were temporary

      E              Dbm
And I love you, it's ruining my life
       Ebm            Abm
(And I love you, it's ruining my life)
  E                Dbm
I touched you for only a fortnight
   Ebm                  Abm
(I touched you), but I touched you

          E                          Dbm
And for a fortnight, there we were

Forever running to you

Gb                  Abm
Sometimes ask about the weather
                    E                        Dbm
Now, you're in my backyard, turned into good neighbours
                  Gb                Abm
Your wife waters flowers, I wanna kill her

          E                          Dbm
And for a fortnight, there we were

Together, running to you
Gb                  Abm
Sometimes come and tug my sweater
                    E                        Dbm
Now, you're at the mailbox, turned into good neighbours
                Gb                Abm
My husband is cheating, I wanna kill him

      E              Dbm
And I love you, it's ruining my life
       Ebm            Abm
(And I love you, it's ruining my life)
  E                Dbm
I touched you for only a fortnight
   Ebm              Abm
(I touched you), I touched you
      E              Dbm
And I love you, it's ruining my life
       Ebm            Abm
(And I love you, it's ruining my life)
  E                Dbm
I touched you for only a fortnight
   Ebm              Abm
(I touched you), I touched you

    E                    Dbm
I'm calling ya, but you won't pick up
         Gb                  Abm
?Nother fortnight lost in America
         E                  Dbm
Move to Florida, buy the car you want
        Gb                      Abm
But it won't start up till you touch, touch, touch me

    E                    Dbm
I'm calling ya, but you won't pick up
         Gb                  Abm
?Nother fortnight lost in America
         E                  Dbm

        Gb                      Abm
