tom:

Intro: C Am G  
C Am G

[Primeira Parte]

C Am  
Who's gonna stop us from waltzing

G  
Back into rekindled flames?

If we know the steps anyway

C Am  
We embroidered the memories

G  
Of the time I was away

Stitching, "We were just kids, babe"

F Am  
I said, "I don't mind, it takes time"

G  
I thought I was better safe than starry-eyed

F Am  
I felt aglow like this

G  
Never before and never since

[Refrão]

C G Am  
The rain came pouring down

F  
When I was drownin', that's when I could finally breathe

C G Am  
And by mornin', gone was any trace of you

F  
I think I am finally clean

( C Am G )

[Segunda Parte]

C Am  
Who's gonna tell me the truth

G  
When you blew in with the winds of fate

And told me I reformed you

C Am  
When your impressionist paintings of Heaven

G  
Turned out to be fakes

Well, you took me to hell, too

F Am  
And all at once, the ink bleeds

G  
A con man sells a fool a get-love-quick scheme

F Am  
But I felt a hole like this

G  
Never before, and ever since

[Refrão]

C Am  
If you know it in one glimpse

It's legendary

G  
What we thought was for all time

Was momentary

C Am  
Still alive, killing time at the cemetery

G  
Never quite buried

F Am

You cinephile in black and white

G  
All those plot twists and dynamite

F Am  
Mr. Steal Your Girl, then make her cry

G  
You said I'm the love of your life

[Ponte]

C G  
How long could we be a sad song

Am G F  
'Til we were too far gone to bring back to life?

C G  
I gave you all my best me's, my endless empathy

Am G F  
And all I did was bleed as I tried to be the bravest soldier

G  
Fighting in only your army

Am  
Frontlines, don't you ignore me

F  
I'm the best thing at this party

C Em  
(You're losin' me)

G  
And I wouldn't marry me either

Am  
A pathological people pleaser

F  
Who only wanted you to see her

C Em  
And I'm fadin', thinkin'

Am F  
"Do something, babe, say something" (say something)

G C Em  
"Lose something, babe, risk something" (you're losin' me)

Am F  
"Choose something, babe, I got nothing (got nothing)

G  
To believe

[Ponte 2]

Dm C  
'Cause... You talked me under the table

Am  
Talking rings and talking cradles

G  
I wish I could un-recall

Dm  
How we almost had it all

C  
Dancing phantoms on the terrace

Am  
Are they second-hand embarrassed

G  
That I can't get out of bed?

C  
Cause something counterfeit's dead

Am  
It was legendary

G  
It was momentary

C Am  
It was unnecessary

G  
Should've let it stay buried

F  
Oh, what a valiant roar

Am  
What a bland goodbye

G  
The coward claimed he was a lion

F Am  
I'm combing through the braids of lies

G  
"I'll never leave"

"Never mind"

F

Am

Our field of dreams, engulfed in fire

G

Your arson's match your somber eyes

F

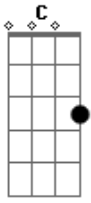

Am

And I'll still see it until I die

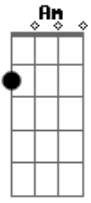

G

You're the loss of my life
