

Taylor Swift - Mirroball / Epiphany

tom:
 I want you to know
 I'm a mirrorball
 I'll show you every version of yourself tonight
 I'll get you out on the floor
 Shimmering beautiful
 And when I break, it's in a million pieces

[Primeira Parte]

Hush, when no one is around, my dear
 You'll find me on my tallest tip-toes
 Spinning in my highest heels, love
 Shining just for you
 Hush, I know they said the end is near
 But I'm still on my tallest tip-toes
 Spinning in my highest heels, love
 Shining just for you

Something med school did not cover
 Someone's daughter, someone's mother
 Holds your hand through plastic now
 Doc, I think she's crashin' out
 And some things you just can't speak about

With you, I serve, with you
 I fall down, down
 Watch you breathin'
 Watch you breathin' out, out

With you, I serve, with you
 I fall down, down

Watch you breathin'
 Watch you breathin' out, out
 Only twenty minutes to sleep
 But you dream of some epiphany
 Just one single glimpse of relief
 To make some sense of what you've seen

Only twenty minutes to sleep
 But you dream of some epiphany
 Just one single glimpse of relief
 To make some sense of what you've seen
 Make sense of what you've seen

And they called off the circus
 Burned the disco down
 When they sent home the horses

And the rodeo clowns
 I'm still on that tightrope

I'm still trying
 Everything to get you laughing at me
 And I'm still a believer

But I don't know why
 I've never been a natural
 All I do is try, try, try
 I'm still on that trapeze

I'm still trying
 Everything to keep you looking at me
 Because I'm a mirrorball
 I'm a mirrorball

And I'll show you every version
 Of yourself tonight

Acordes
