

# Taylor Swift - Nothing New (feat. Phoebe Bridgers)

tom:  
 They tell you while you're young  
 Girls, go out and have your fun  
 Then they hunt and slay the ones  
 Who actually do it  
 Criticize the way you fly  
 When you're soaring through the sky  
 Shoot you down and then they sigh and say  
 She looks like she's been through it

[Pré-Refrão]

Lord, what will become of me  
 Once I've lost my novelty?

[Refrão]

I've had too much to drink tonight  
 And I know it's sad, but this is what I think about  
 And I wake up in the middle of the night  
 It's like I can feel time moving  
 How can a person know everything at 18  
 But nothing at 22?  
 And will you still want me  
 When I'm nothing new?

How long will it be cute  
 All this crying in my room?  
 When you can't blame it on my youth  
 And roll your eyes with affection  
 And my cheeks are growing tired  
 From turning red and faking smiles  
 Are we only biding time  
 'Til I lose your attention?

[Pré-Refrão]

And someone else lights up the room  
 People love an ingénue

## Acordes

[Refrão]

I've had (I've had)  
 Too much to drink tonight  
 How did I go from growing up to breaking down?  
 And I wake up (wake up)  
 In the middle of the night  
 It's like I can feel time moving  
 How can a person know everything at 18  
 But nothing at 22?  
 And will you still want me  
 When I'm nothing new?

( C )

I know someday I'm gonna meet her  
 It's a fever dream  
 The kind of radiance you only have at 17  
 She'll know the way and then she'll say she got the map from me  
 I'll say I'm happy for her  
 Then I'll cry myself to sleep  
 Oooh, oooh, oooh  
 Oooh, oooh, oooh, oooh

[Refrão]

I've had (I've had)  
 Too much to drink tonight  
 But I wonder if they'll miss me once they drive me out  
 I wake up (wake up)  
 In the middle of the night  
 And I can feel time moving  
 How can a person know everything at 18  
 But nothing at 22?  
 And will you still want me  
 Will you still want me  
 Will you still want me  
 When I'm nothing new?
