(intro 2x) D A Em G

D A
 We were standing in an empty room
 Em G
 The moonlight was falling
 D A Em G
 You were holding my hand when the car pulled up for you
 D A
 And I could have spent a life with you
 Em G
 But those days were over
 D A Em G
 You were calling my name when your face faded from view
 Em G D A
 And wasn't it you who told me the sun would always chase the day
 Em G
 And wasn't it you who told me:

(refrão)
 D A Em G
 Angels fly in the air tonight
 D A Em G
 Saying wasn't it just like swimming out on the lake?
 D A Em G
 And stars collide and the air's alive
 D A Em
 Or was it just like those promises that you made
 G D
 On our last night?

D A
 I remember waking up with you
 Em G
 The days doing nothing
 D A Em G
 You meant more to me than I think you ever knew.
 D A
 But you were gonna be a doctor, movie star
 Em G
 A poet at a Nobel seminar
 D A Em G
 I hope the world never tore that out of you

Cause wasn't it you who told me the sun would always chase the day
 Yeah wasn't it you who told me:

(refrão)
 D A Em G
 Angels fly in the air tonight
 D A Em G
 saying wasn't it just like swimming out on the lake?
 D A Em G
 And stars collide and the air's alive
 D A Em
 Or was it just like those promises that you made
 G D
 On our last night?

(bridge)
 Em G
 And what ever happened to the things you loved
 D A
 And the songs we played, and the indian days
 Em G D
 Whatever happened to the things you gave away?
 A Em G D
 Like Harold and Maude singing
 A Em G D
 Like Harold and Maude singing
 (A Em G D) (2x)

D A
 I was waving as you drove away
 Em G
 The sunlight was falling
 D A Em
 You were writing backwards in a dusty window pane

(refrão)
 D A Em G
 Angels fly in the air tonight
 D A Em G
 Saying wasn't it just like swimming out on the lake?
 D A Em G
 And stars collide and the air's alive
 D A Em
 Or was it just like those promises that you made
 G D A Em
 On our last night?
 G D A Em
 On our last night?
 G D A Em
 On our last night?
