

# Taylor Swift - Suburban Legends

tom:  
C

[Primeira Parte]

You had people who called you on  
Unmarked numbers  
In my peripheral vision  
I let it slide like a hose on a slippery  
Plastic summer  
All was quickly forgiven  
You were so magnetic it was almost obnoxious  
Flush with the currency of cool  
I was always turnin' out my empty pockets  
And when it came to you

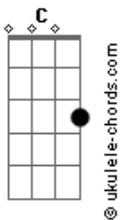

[Refrão]

I didn't come here to make friends  
We were born to be suburban legends  
When you hold me, it holds me together  
And you kiss me in a way that's gonna screw me  
Up forever

[Segunda Parte]

I had the fantasy that maybe our  
Mismatched star signs  
Would surprise the whole school  
When I ended up back at our class reunion  
Walkin' in with you  
You'd be more than a chapter in my old diaries

## Acordes

With the pages ripped out  
I am standing in a 1950s gymnasium  
And I can still see you now

[Refrão]

I didn't come here to make friends  
We were born to be suburban legends  
When you hold me, it holds me together  
And you kiss me in a way that's gonna screw  
Me up forever  
I know that you still remember  
We were born to be national treasures  
When you told me we'd get back together  
And you kissed me in a way that's gonna screw

Me up forever

[Final]

Tick-tock on the clock, I pace down your block  
I broke my own heart 'cause you were too  
Polite to do it  
Waves crash on the shore, I dash to the door  
You don't knock anymore and my whole life's  
Ruined  
Tick-tock on the clock, I pace down your block  
I broke my own heart 'cause you were too polite  
To do it  
Waves crash on the shore, I dash to the door  
You don't knock anymore and I always knew it  
That my life would be ruined
