

# Taylor Swift - The Alchemy

tom:

A

This happens once every few lifetimes  
 These chemicals hit me like white wine  
 What if I told you I'm back?  
 The hospital was a drag  
 Worst sleep that I ever had  
 I circled you on a map  
 I haven't come around in so long  
 But I'm coming back so strong

So when I touch-down  
 Call the amateurs and cut 'em from the team  
 Ditch the clowns, get the crown  
 Baby, I'm the one to beat  
 'Cause the sign on your heart said it's still  
 Reserved for me  
 Honestly, who are we to fight th? alchemy?

And I chose you  
 The one I was dancin' with  
 In New York, no shoes  
 Looked up at the sky and it was  
 The burgundy on my T-shirt  
 When you splashed your wine into me  
 And how the blood rushed into my cheeks  
 So scarlet, it was  
 The mark you saw on my collarbone  
 The rust that grew between telephones  
 The lips I used to call home

So scarlet, it was maroon

These blokes warm the benches  
 We've been on a winning streak  
 He jokes that it's heroin, but this time with an  
 'Cause the sign on your heart said it's still reserved for me  
 Honestly, who are we to fight the alchemy?

Shirts off, and your friends lift you up over their heads  
 Beer stickin' to the floor, cheers chanted 'cause they said  
 There was no chance trying to be the greatest in the league  
 Where's the trophy? He just comes, running over to me  
 Carnations you had thought were roses, that's us  
 I feel you no matter what  
 The rubies that I gave up  
 And I wake with your memory over me  
 That's a real fucking legacy, legacy  
 And I wake with your memory over me  
 That's a real fucking legacy to leave  
 The burgundy on my T-shirt  
 When you splashed your wine into me  
 And how the blood rushed into my cheeks  
 So scarlet it was  
 The mark you saw on my collarbone  
 The rust that grew between telephones  
 The lips I used to call home  
 So scarlett the alchemy  
 These chemicals hit me like white wine  
 It was maroon  
 This happened once every few lifetimes  
 It was maroon
