

Taylor Swift - The Bolter

tom:
 [Intro] C

[Primeira Parte]

By all accounts, she almost drowned^G
 When she was six in frigid water^F
 And I can confirm she made^C
 A curious child, ever reviled^G
 By everyone except her own father^F
 With a quite bewitching face^C
 Splendidly selfish, charmingly helpless^G
 Excellent fun 'til you get to know her^F
 Then she runs like it's a race^C
 Behind her back, her best mates laughed^G
 And they nicknamed her "The Bolter"^F

[Refrão]

Started with a kiss^C
 "Oh, we must stop meeting like this"^G
 But it always ends up with a town car speeding^F

Out the drive one evening^C
 Ended with the slam of a door^G
 Then he'll call her a whore^C
 Wish he wouldn't be sore^F
 But as she was leaving^G
 It felt like breathing^C
 All her fuckin' lives^{Am}
 Flashed before her eyes^F
 It feels like the time^{Am}
 She fell through the ice^F
 Then came out alive^C

[Segunda Parte]

He was a cad, wanted her bad^G
 Just like any good trophy hunter^F
 And she liked the way he tastes^C
 Taming a bear, making him care^G
 Watching him jump then pulling him under^F
 And at first blush, this is fate^C
 When it's all roses, portrait poses^G
 Central Park Lake in tiny rowboats^F
 What a charming Saturday^C

That's when she sees the littlest leaks^G
 Down in the floorboards^F
 And she just knows^C
 She must bolt^G
 [Refrão]

 "Oh, we must stop meeting like this"^G
 But it always ends up with a town car speeding^F

Out the drive one evening^C
 Ended with the slam of a door^G
 Then he'll call her a whore^C
 Wish he wouldn't be sore^F
 But as she was leaving^G
 It felt like breathing^C
 All her fuckin' lives^{Am}
 Flashed before her eyes^F
 It feels like the time^{Am}
 She fell through the ice^F
 Then came out alive^C

[Ponte]

She's been many places with^G
 Men of many faces^{Am}
 First, they're off to the races^C
 And she's laughing drawin' aces^G
 But, none of it is changin'^{Am}
 That the chariot is waitin'^C
 Hearts are hers for the breakin'^G
 There's an escape in escaping^C

[Refrão]

Started with a kiss^C
 "Oh, we must stop meeting like this"^G
 But it always ends up with a town car speeding^F

Out the drive one evenin'^C
 Ended with the slam of a door^G
 But she's got the best stories^F
 You can be sure^C
 That as she was leaving^G
 It felt like freedom^F
 It felt like freedom^G

All her fuckin' lives
Flashed before her eyes
And she realized

It feels like the time
She fell through the ice
Then came out alive
