

# Taylor Swift - When Emma Falls in Love

tom:

Intro: D A Em G  
D A Em G

[Primeira Parte]

When Emma falls in love, she paces the  
Floor

Closes the blinds and locks the door

( A Em G )

When Emma falls in love, she calls up

Her mom  
Jokes about the ways that this one

Could go wrong

( D A Em G )

She waits and takes her time 'cause

Little miss sunshine always thinks

It's gonna rain

When Emma falls in love, I know that

Boy will never be the same

[Refrão]

'Cause she's the kind of book that you

Can't put down

Like if Cleopatra grew up in a small

Town

And all the bad boys would be good  
Boys

If they only had a chance to love her

And to tell you the truth, sometimes I

Wish I was her

[Segunda Parte]

When Emma falls in love, it's all on  
Her face

Hangs in the air like stars in outer  
Space

When Emma falls in love, she  
Disappears

And we all just laugh after seein' it

All these years

When Emma falls apart, it's when she's  
Alone

She takes on the pain and bears it on

Her own

'Cause when Emma falls in love she's

In it for keeps

She won't walk away unless she knows

She absolutely has to leave

[Refrão]

'Cause she's the kind of book that you

Can't put down

Like if Cleopatra grew up in a small

Town

And all the bad boys would be good  
Boys

If they only had a chance to love her

And to tell you the truth, sometimes I

Wish I was her

( D A Em G )

( D A Em G )

[Ponte]

Well, she's so New York when she's in  
La

She won't lose herself in love the way

That I did

'Cause she'll call you out, she'll put

You in your place

When Emma falls in love, I'm learning

[Terceira Parte]

Emma met a boy with eyes like a man

Turns out her heart fits right in the

Palm of his hand

Now he'll be her shelter when it rains

Little does he know his whole world's

About to change

[Refrão]

'Cause she's the kind of book that you

Can't put down

Like if Cleopatra grew up in a small

Town

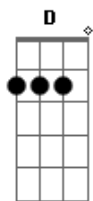

And all the bad boys would be good  
Boys

If they only had a chance to love her

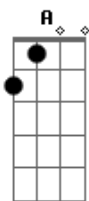

And to tell you the truth, sometimes I  
Wish I was her

Yeah, between me and you, sometimes I  
Wish I was her
