Riff 1

Get your sweets from the candy man

Get your truth from the shelf

Don't buy into the fairy tale

Just be good to yourself

'Cause you know that I love you, girl

You're my way out of hell

But I've just one more song to sing

One more story to tell

(Riff 1)

When I'm tired of the bright lights

When I'm tired of the wine

For that look in your eyes
