VELVET REVOLVER

Set Me Free  
(Scott Weiland)

You operate and motivate on synthetic fuel  
You're mother nature and an atom bomb

As long as you're kept full of pretty bodies  
Your little secret will be safe with me

Around again  
Insane again  
It comes again  
And sets me free

Refrão  
So set me free, set me free  
'Cause I think you need my soul  
Set me free, set me free

You kept a lock and pulled a rise and fall  
I'm thinking mama never lies  
And everything that you see  
But now I did it all, I did a little  
I wanna take you down with me

Around again  
Insane again  
She comes again  
And sets me free

Refrão 2x  
So set me free, set me free  
'Cause I think you need my soul  
Set me free, set me free

Bridge x2  
So take me down  
Take me, down, down, down, down  
Take me down, take me down

Refrão 4x  
So set me free, set me free  
'Cause I think you need my soul  
Set me free, set me free

My Freedom
