

Temas de TV - Stigmata

Tom: Eb

Stigmata Soundtrack - Billy Corgan -

Song: Identify

your eyes they send me
 to eternity
 your heart may cast me down
 to hell and down
 but lately it's your love
 its condemnation enough

Identify

please identify

if it's me you want

standing by your side

identify

these tears of mine

am I lonely

or am I just alive

Identify

and let time decide

Identify

who and what will stand its test

of love

your hands were speaking no

Identify

I felt the movement go

the ice was breaking so

I wonder why that I'd

Identify

Identify

with you my love

to leave me empty

Identify

and see if I'd survive

(strum open 1/2/3 strings)

Identify

for every questioned hour

for every second devoured

you let me wonder you

into a myth that i missed
