Intro: Em A7 C

[Primeira Parte]

That ole devil, brings a hell of a fight
 He?s had it out for me, for my whole life
 He keeps scheming with the same old tricks
 But the hand that?s holding me
 Is more powerful than his

[Refrão]

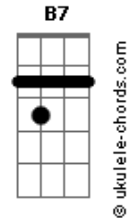

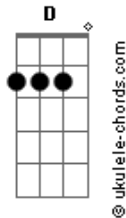

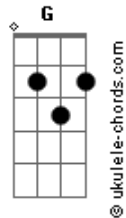

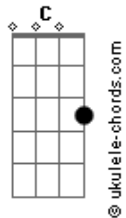

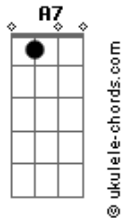

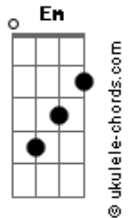

So I?ll keep on fighting
 Keep on fighting, with my eyes on You, Lord
 And I?ll keep on standing
 I?m still standing, on Your promises, Lord
 Cause this war is not my own
 This war is not my own

(Em)

[Segunda Parte]

I got numbers, more than enough

Acordes

Angel armies, backing me up
 I got my defenses, from the Lord Most High
 The armor may be heavy
 But He makes the burden light
 (Em)

[Ponte]

The battles keep on coming
 But the war is won
 The struggles turn to stories how He
 Overcomes
 The start of every victory is Jesus blood
 So I?m fighting all the way to
 Kingdom come

[Refrão]

So I?ll keep on fighting
 Keep on fighting with my eyes on You, Lord
 And I?ll keep on standing
 I?m still standing on Your promises, Lord
