

Temples - Sand Dance

Tom: C

MAIN RIFF (both bars together)

Bass enters after two rounds:

VERSE 1 (same rhythm as the main riff)
 From out the night sky
 We were made open
 That our reflection meets between two
 Below the dark cries secretly laughing
 The smile was passed but never on you

CHORUS:

E F7M
 Come to me when the lights are out
 E F7M
 Secrets left us in turn
 E F7M
 Circling the desert where a man goes now
 E F7M
 In a sand dance we move

VERSE 2

Upon a question answers revealed
 No given memory, wishes unsure
 A lesser meaning left among feelings
 Gave you a web left down on the ground
