

The Temptations - What's So Good About Goodbye?

Tom: G
Intro: G

Verse 1

What's so good about goodbye?
All it does is make you cry
Well if leavin' causes grievin'
Then goodbye can break your heart
Tell me what's so good about it
I could have done without it
What's so good about goodbye

Verse 2

Since you say, goodbye to me
All I've known is misery
Well if everything goes wrong you'll never stay so long
Tell me what's so good about it
I could have done without it
What's so good about goodbye

Chorus

Won't somebody tell me now
How can goodbye be good to a another who really cares
And another thing I would like to clarify
Is how can farewell be fair?

Verse 3

So want you please, tell me why
You would have the nerve to say, this is goodbye
Well if everything goes wrong, you'll never stay so long
Tell me what's so good about it
I could have done without it
What's so good about goodbye
Baby, baby what's so good about goodbye
What's so good about it
What's so good about it?
