This is a song for the ladies... but fellas, listen closely... for me
                                                               That's fuckin' teamwork.
You don't always have to fuck her hard.
                                                               -Verso 3-
In fact sometimes that's not right to do.
                                                               What's your favorite posish? (position)
Sometimes you gotta make some love,
                                                               That's cool with me, it's not my favorite, but I'll do it for
and fuckin' give her some smooches too.
                                                               What's you favorite dish?
