[Refrão]

I don't play video games no more  
I never play video games  
Except for a little bit of God of War  
I never play video games

Maybe a once in a while  
A little bit of Fallout 4  
But that's okay, not right now  
I got things to do

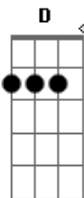

[Refrão]

Cause I don't play video games no more  
Never play video games  
But Red Dead Redemption 2

D A D  
That is not a game

It's an incredible journey through old American history  
Fighting for your life and fighting for your family  
Try to live your days with honor and integrity  
That's not a game, that's an adult thing  
That's not a game at all  
That's like fuckin' Shakespeare  
Free gee, tee dee dee, tee dee dee, tee dee dee  
Tee dee dee, tee dee dee, tee dee

[Refrão]

You know I don't play video games no more  
Tiny bit of video game  
I guess I still play fuckin' video ga-a-ame

Yee haw

[Final]

That it, that's the one  
It's on the album
