

Tender Leaf - Countryside Beauty

Tom: **B**

Intro: **Bm E A**
Bm E A

Listen to the wind blow, listen to the birds sing out loud
And it's that time again for us to fall in love

[Refrão]

Well, it's a beautiful morning, think i will go outside
It's a beautiful morning, think I will take a ride, yeah
To the countryside and see the beauty
To the countryside and see the beauty pass me by
Doo doo do doo?
Something about the islands
Things are not the way they used to be

Look around you, not so fast

[Refrão]

Well, it's a beautiful morning, think i will go outside
It's a beautiful morning, think I will take a ride, yeah
To the countryside and see the beauty
To the countryside and see the beauty pass me by
Doo doo do doo
Well, it's a beautiful morning, think i will go outside
It's a beautiful morning, think I will take a ride, yeah
To the countryside and see the beauty
To the countryside and see the beauty pass me by
Doo doo do doo
