

Tenth Avenue North - One Thing

Tom: B

(com acordes na forma de A)

Capostrate na 2ª casa

Intro: D A E

You don't really know what you need
 ?Til you've got nothing
 You don't really know what you believe
 ?Til you've been broken
 You don't really know what you treasure now
 Till it all comes crashing down
 I can see so clearly now

If I've got nothing but You
 I'll still have everything I need
 You're the one thing I can't lose
 When I run to the end of me
 Everything I thought I lost
 I found it all in You, my God
 You're the one thing, one thing
 One thing, one thing I need

All of the wants and all the plans
 I've been chasing
 All of the dreams in my heart
 You can take them
 Cuz all of the beauty starts to fade
 In a light of just one face
 I can see so clearly now

Gbm D

If I've got nothing but You
 I'll still have everything I need
 You're the one thing I can't lose
 When I've run to the end of me
 Everything I thought I lost
 I found it all in You, my God
 You're the one thing, one thing
 One thing

My soul will cry
 This one thing I know
 You alone will satisfy
 My soul will cry
 This one thing I know
 You alone will satisfy

If I've got nothing but You
 I'll still have everything I need
 You're the one thing I can't lose
 When I run to the end of me
 If I've got nothing but You
 I'll still have everything I need
 You're the one thing I can't lose
 When I've run to the end of me
 Everything I thought I lost
 I found it all in You, my God
 You're the one thing, one thing
 One thing, one thing I need
 One thing I need
