

Teresa Cristina - Portela

tom:
D (forma dos acordes no tom de Bm)

Portela Já disseram que o teu manto
Pintadinho de azul e branco
Lembra as cores do céu

Se passas na avenida decidida
Trocas de sambar com a vida
És de tirar o chapéu

As cores que escolheste com vaidade
E exibes na cidade
Sempre chamando atenção

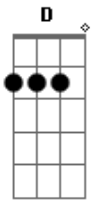

São cores que carregas na bandeira

Que ilumina a cachoeira
Da Virgem da Conceição

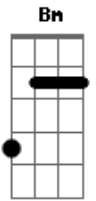

São cores que carregas na bandeira
Que ilumina a cachoeira
Da Virgem da Conceição

Cai véu de água pelo ar
Ai, Portela, o teu cantar
Faz brilhar a tua luz
Por isso vou levando
Com respeito
Duas cores no meu peito
Por amor a Osvaldo Cruz
