

# Terra Lumina - Ode To Pluto

Intro: F C F

Tom:

F  
You were found in 1930

Am  
But you've been around long before

Bb F  
And everyone seemed to know your name  
A dwarf they now are calling you

Am  
But you're still hung up in most kids' rooms

Bb F  
We think of you very much the same

C F  
Pluto, don't get too down

Bb  
Words are only words

And you'll always be around C  
C Pluto, keep circling around the sun Dm  
F A couple hundred years and you'll be back where you'd begun Bb F

F  
Consider yourself lucky

Am  
Five moons to keep you company

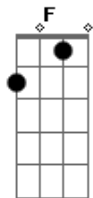

Bb F  
With charon to lead the whole crew

F  
Your days are six times longer

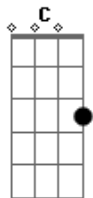

Am  
And mass a fraction of our moon

Bb F  
But that's what really makes you, you
