A dwarf they now are calling you

We think of you very much the same

Pluto, don't get too down

Words are only words

And you'll always be around

Pluto, keep circling around the sun
F Bb F
A couple hundred years and you'll be back where you'd begun

Consider yourself lucky
Am
Five moons to keep you company
Bb F
With charon to lead the whole crew

Your days are six times longer

And mass a fraction of our moon
