

Terraplane Sun - No Regrets

Tom: **A**

Intro **Gbm Bm E**

Verso **Gbm Bm E**

Well I've been wonderin round for so long
 Tryin to learn what not to do
 So what the hell as gone wrong
 Guess I'm just a one man walkin blues
 Better wait till tomorrow

She tells me I do no wrong
 With the fight of an angel I cannot lose
 Time to keep my head strong
 Trade my car for a pair of boots

Refrão **Bm E Gbm**

Cause I don't wanna die
 Swear I'll run it down till I'm dead
 How nice would it be to live
 With no regrets

Verso **Gbm Bm E**

Through the desert watch me roam
 Sweat from the clouds helps me prevail
 Boots are all I've got now
 Think I'm gonna kick'm around for a while

Refrão **Bm E Gbm**

Cause I don't wanna die
 Swear I'll run her down till I'm dead
 How nice would it be to live
 With no regrets
 Cause if I want it I will run
 As fast as I can
 The only way I live
 Is no regrets

Final **Gbm Bm E**
