

# Thalles Cabral - Far Away From Heaven

tom:

Intro: Cm Am Cm Am

I'm in a lake  
With my whole body under water  
This is no fake

I'm staring at the moonlight  
A point in space  
Time is running out  
I don't want to be saved  
I'm done being brave

I'm in a lake  
Under the Moon  
Drowning all that is no good  
Far away from heaven

This is the place  
For my prelude

Cuz I'm already far away from heaven

I feel very old even if you're saying I'm not  
Nowadays people have unlearned

How to have a real talk  
I always give my soul

But nobody ever gave it back

My future is now my past  
As long as it last

I'm in a lake  
Under the Moon  
Drowning all that is no good  
Far away from heaven

This is the place  
For my prelude

Cuz I'm already far away from heaven

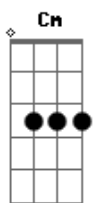

I'm in a lake  
Under the Moon

Drowning all that is no good  
Far away from heaven

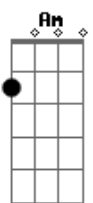

This is the place  
For my prelude

Oh I have to make it work fast  
Cuz I'm already far away from heaven
