

The 1975 - All I Need To Hear

tom:

Intro: E Dbm B^G
 Get out my records
 When you go away
 People are talking
 I miss what they say
 See it all means nothing, my dear
 If I can't be holdin' you near
 So tell me you love me
 'Cause that's all that I need to hear
 I sit in my kitchen
 With nothing to eat
 With so many friends I
 I don't wanna meet
 'Cause I don't need music in my ears
 I don't need the crowds and the cheers
 Oh, just tell me you love me

'Cause that's all that I need to hear
 And I've been told so many times before
 But hearin' it from you means much more
 So much more
 (Dbm B)
 Reply to my message
 And pick up my calls
 You see, I wrote you a letter
 It was no use at all
 And oh, I don't care if you're insincere
 Just tell me what I wanna hear
 You know where to find me
 The place where we lived all these years, oh
 And tell me you love me
 That's all that I need to hear
 Oh, tell me you love me
 That's all that I need to hear
